

ECNS 316
Spring 2021
Writing Assignment
Due before class next Tuesday (March 30th)

Listen to the *People I (Mostly) Admire* Podcast, Episode 20 (John Donohue):
<https://freakonomics.com/podcast/pima-john-donohue/>

Assignment: Summarize the section of the podcast on Lott and Mustard's (1997) paper, which is one of our course's required readings. What is Donohue's evaluation of Lott and Mustard's (1997) research? What is your brief take on the matter?

Format requirements:

- 1 page max
- Times New Roman, Size 12 font
- Double-spaced
- Any citations must be included in a separate references page that will not count toward your page total
